6. ENTRIES

6.1 IAAF Rules

For all the races, teams of not more than eight (8) competitors per race can be entered. Six (6) competitors will be allowed to start in each race of whom four (4) will score.

AGE CATEGORY :

- **Junior athletes (born in 1986 or 1987) may compete in one race only (Junior or Senior Short or Senior Long)**
- **Youth athletes (born in 1988 or 1989) can compete in one race (Junior or Senior Short) but not in any case in the Senior Long Race.**

The Final Entries should preferably be submitted using the IAAF on-line Event Entry System - the link is <http://evententry.iaaf.org>. The login parameters (username and password) have not changed since the World Championships in Athletics 2003 in Paris. Member Federations that cannot submit the Final Entry Forms on-line are kindly requested to inform the IAAF so that a hard copy can be sent to them.

On arrival, Team Leaders must present athletes' passports or other official documents which indicate at least the year of birth and citizenship, in order for photocopies to be made by the organisers.

6.2 IAAF Scoring

For all races, four competitors shall score. Each race shall be scored separately.

The team results shall be decided by the aggregate of places recorded by the scoring competitors of each team. The team with the lowest aggregate of points will be judged the winner.

In assessing the aggregate, no adjustment to the placing of the finishing teams shall be made in respect of any non scoring team runners or of individual entries. If a team fails to finish with a complete scoring team, the runners finishing shall be counted as individuals in the race result and be eligible for the individual awards.

Any tie will be decided in favour of the team whose last scoring member finishes nearer the first place.

6.3 Deadlines

- Final Entries : **7 March 2005** (*midnight Monaco time*)
To be submitted via the IAAF on-line Event Entry System (<http://evententry.iaaf.org>)
- Final Confirmation (*) **Not later than the start of the Technical Meeting** (Friday, 18th March – 16:00)

(*) *Preferably upon arrival at the Accreditation Centre (IAAF Hotel), otherwise at the TIC.*

6.4 Deadlines rules application

As per the decisions taken by the IAAF Council during its meeting in Helsinki (December 2004) and publicised through the Circular M/28/04, the following will now apply :

a/ Number of Entries

A penalty will be imposed on a Member which :

- after having announced its participation in an IAAF competition, does not take part ;
- after having entered more than two athletes, attends the competition with a number 25% higher or lower than the number of entered athletes. The penalty will be US \$ 1,000 per athlete, after the first two athletes.

Examples:

- 4 athletes entered, 1 participated = 3 – minus 2 allowance = 1
➔ US \$ 1,000 penalty
- 40 athletes entered, 25 participated = 15 – minus 2 allowances = 13
➔ US \$ 13,000 penalty
- 3 athletes entered, 1 participated = 2 – minus 2 allowances = 0
➔ no penalty
- 20 athletes entered, 17 participated = 3 = 15% difference

→ no penalty (15% is less than the 25% allowance)

b/ Respect of deadlines:

A US \$ 1,000 penalty per 10 participating athletes (with a tolerance of 2) will be imposed on any Member Federation which does not respect the Preliminary and/or Final Entry deadlines.

Examples:

- 3 to 10 athletes entered late → US \$ 1,000 penalty
- 11 to 20 athletes entered late → US \$ 2,000 penalty
- 21 to 30 athletes entered late → US \$ 3,000 penalty
- etc.

8.3 Training Facilities

There are many training facilities located near team hotels.

8.4 Competition Procedures

- **Start, Call Room and Reporting Times**

All participants will have access to the Start after having passed through the Call Room that is situated in the changing tent.

Athletes should report to the Call Room not later than 20 minutes before the start of each race. Competitors who fail to appear at the call room on time, will not be allowed to compete. Team Officials will not be allowed in the Call Room. Once in the Call Room, athletes will not be allowed to return to the changing tent.

- **Bibs**

Team Leaders will be given the bib numbers after the Technical Meeting. Each participant will be given three bib numbers: one of them must be worn in a visible manner, without it being manipulated, on the chest and another on the back also clearly visible.

The third one can be placed on the bag used for keeping personal belongings (which will be labelled with the name of the athlete's country) or on the tracksuit.

- **Transponders**

Seiko/Winning Time will supply a transponder system (chip) to back-up the timing and the intermediate times and also offer the possibility of providing almost live information on the individual and team standings to the spectators. **Two transponders per athlete will be provided (to be worn on each ankle)**. A special team will be responsible for attaching the chips (in the call room). A special team will collect chips after the race in a designated area. Athletes not finishing the race should report to this area and return the chip(s).

Further information on the use and distribution of the transponders will be provided during the Technical Meeting, however Member Federations should be advised that, for every transponder not returned, they will be charged US \$10.

- ***Uniforms and Personal Belongings***

In each race, all athletes from the same team must wear their Federation's approved uniform in competition. The IAAF Council recommended that the front and the back of the uniforms have the same colour.

Please note that the IAAF Advertising Rules and Regulations applicable for this competition specify a maximum of 30 cm² for the Manufacturer's logo on the competition wear and 40 cm² on sweatshirts, t-shirts and jackets.

There can be **no logo of the Member Federation's national sponsors** on the Athletes' clothes, bags etc.

A large tent for athletes to change, with separate areas for each Team, will be arranged just next to the call room. The participants will deposit the bag containing personal belongings just before the call room in the separate area for each team (boxes). A second possibility of bag deposit will be just behind the start line.

The bags will be transported by the LOC to the athletes' clothes deposit tent, next to the finish line and the mixed zone.

- ***Start Line***

Each Team will be allocated a starting box, for each of the Championship races, according to a draw made by the IAAF Technical Delegate. Individual athletes will share a box according to the draw made by the IAAF Technical Delegate. The result of this draw will be displayed at the start area during the course inspection.

- ***Starters' Instructions***

All instructions will be given in French. The command in French "*à vos marques*" will be followed by a shot from the starter's gun. In case of a false start the starter will fire a second shot and officials will raise a rope across the start straight, fifty (50) metres from the start line.

- **Finish Area** (See appendix)

At the finish, funnels will be set up 15 metres behind the finish line, through which the judges will direct the athletes with the help of ropes. After the arrival, the athletes will have to give their transponders back and will be directed to the mixed zone and the athletes clothes deposit tent. Those to be awarded will be gathered in a specific area.
